

A wide-angle photograph of a large-scale construction project for a bridge. The bridge's concrete piers and girders are visible, supported by a complex network of blue and yellow steel scaffolding. In the background, a lush green forested hillside features a tunnel entrance. Two large tower cranes, one yellow and one red, stand prominently against the sky. A yellow construction vehicle is positioned on the bridge deck. A red banner with white text is overlaid across the middle of the image.
